Create your account and sign in

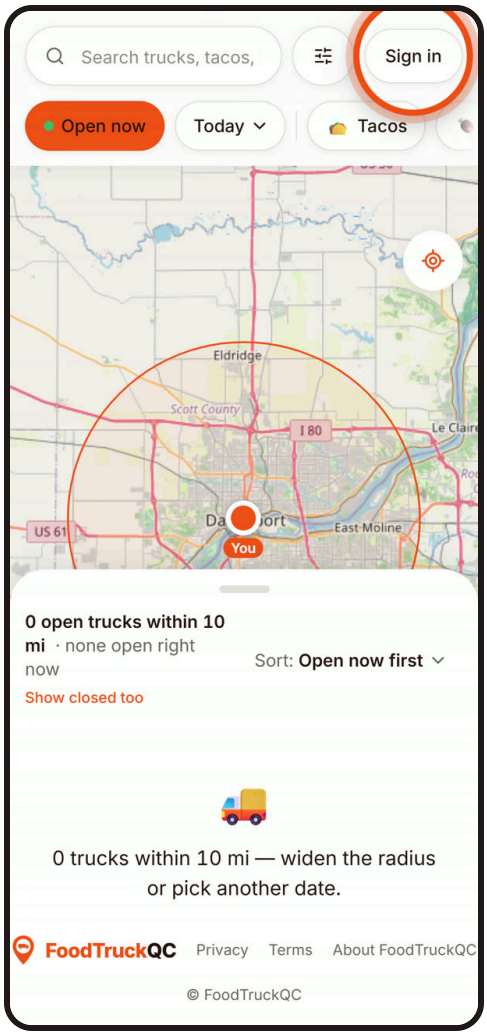

Get a free FoodTruckQC account on your phone so you can put your truck on the map. Takes about 2 minutes.

💡 This guide follows the video step by step. Each picture shows the exact screen, with an orange circle on the spot to tap.

STEP 1

Tap Sign in

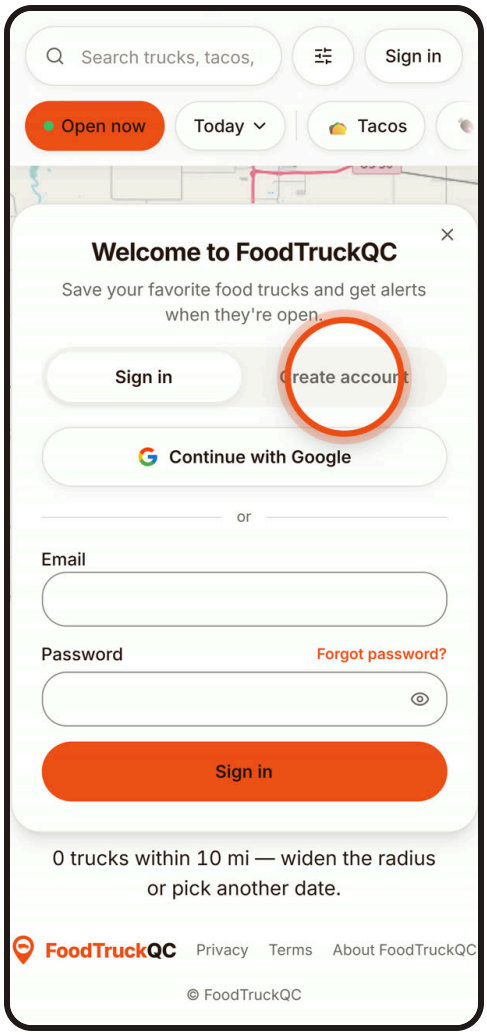

Welcome to FoodTruckQC. This is the map everyone in the Quad Cities uses to find food trucks that are open right now. Let's get you an account so you can put your truck on it. At the top right corner of the screen, tap the button that says Sign in.

STEP 2

Tap Create account

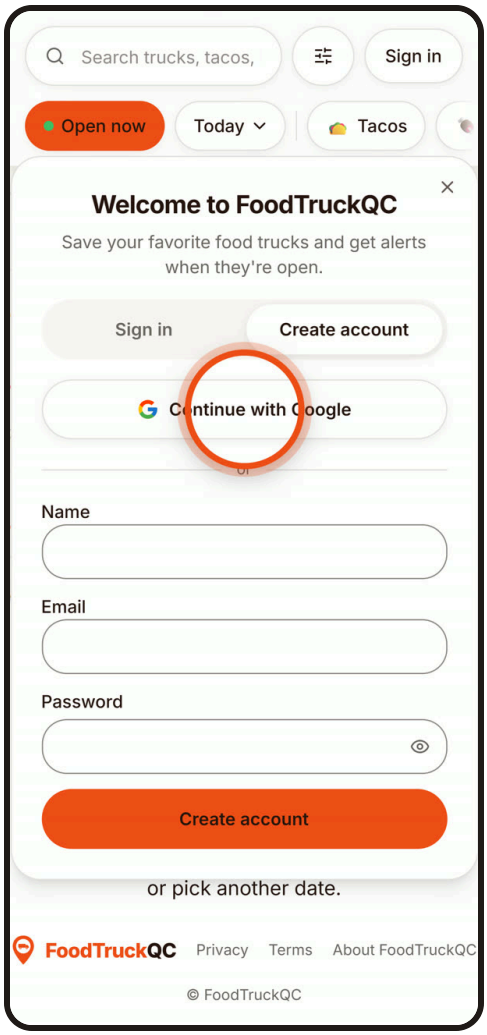

A small window opens. At the top there are two tabs. Tap the one on the right that says Create account.

STEP 3

Option A: Continue with Google

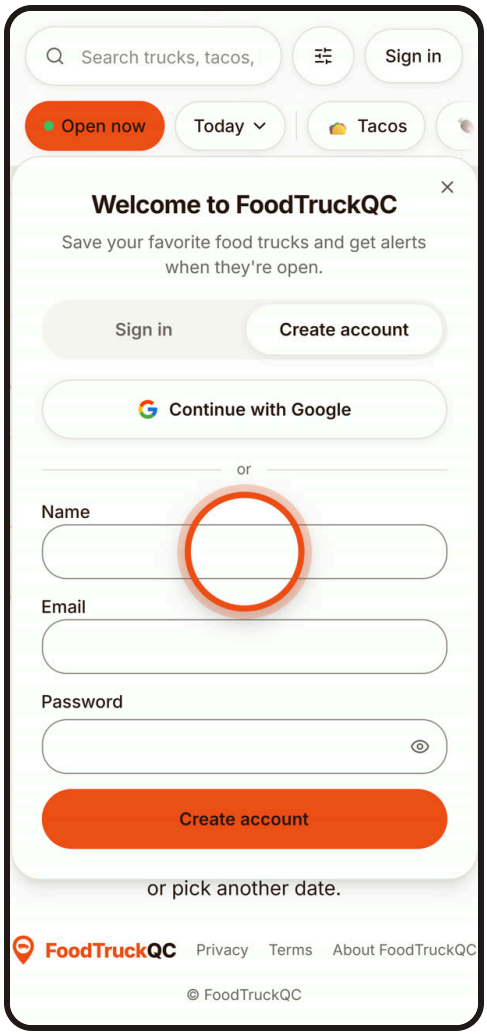

You have two ways to create your account. The fastest is the white button that says Continue with Google. If you already use Gmail on this phone, tap it, pick your Google account, and you're done. You can skip ahead to the end of this video.

STEP 4

Option B: fill in name, email and password

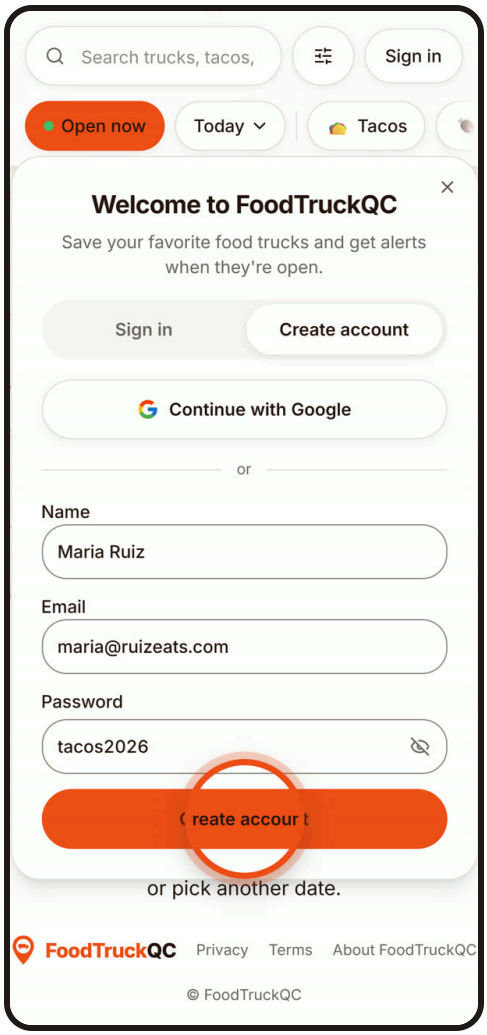

If you'd rather use your email, fill in the three boxes. First box: your name, the way customers know you. Second box: your email address. Type it carefully — this is where we'll send your confirmation. Third box: a password. It needs at least 6 characters. Tap the little eye icon on the right to see what you typed.

STEP 5

Tap Create account

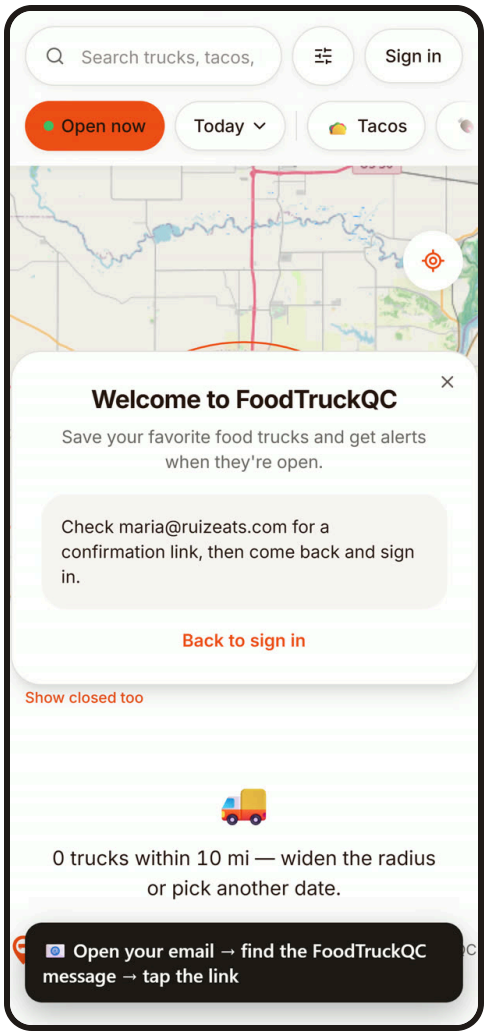

Now tap the big orange button, Create account. You'll see a message asking you to check your email.

STEP 6

Confirm your email

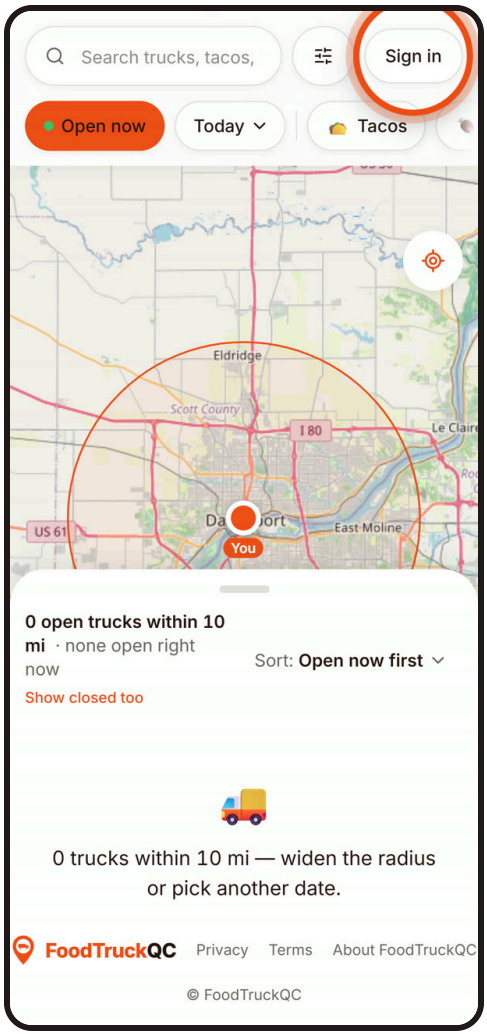

Open your email app. Look for a message from FoodTruckQC. Open it and tap the link inside. If you don't see it, check your Spam or Junk folder. That link confirms it's really you.

STEP 7

Sign in

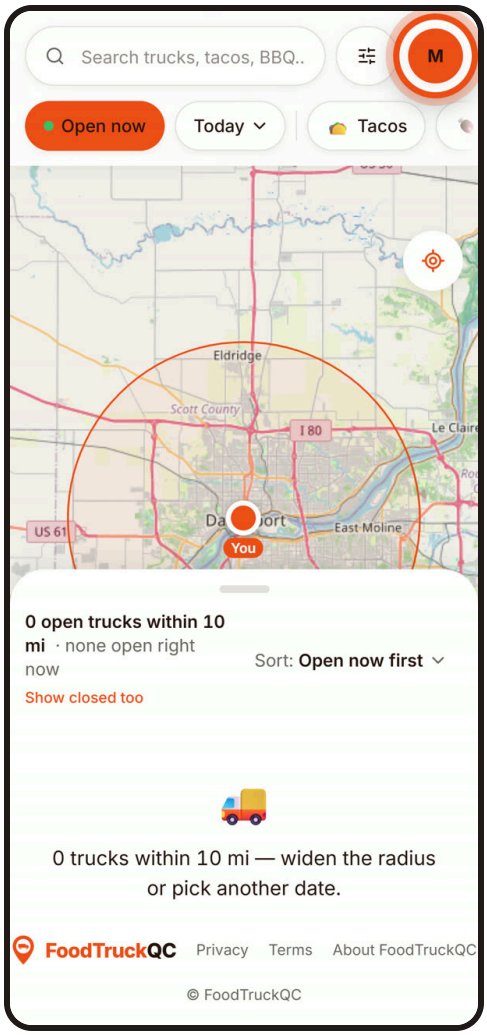

Come back to FoodTruckQC. Tap Sign in, type the same email and password, and tap the orange Sign in button.

STEP 8

Your account menu

See the round button with your initials at the top right? That means you're signed in. Tap it any time to see your menu: Favorites, Profile and settings, and later, your Owner dashboard.

STEP 9

Forgot your password?

One more thing. If you ever forget your password, tap Sign in and then the small text that says Forgot password. We'll email you a link to pick a new one.
